Director of Industries
& Commerce, Madras.
Camp Tuticorin, 11 Aug.43.

My dear Sivasankar,

Sub: Sericulture - Mulberry cultivation - Expansion - Cultivation of mulberry in assessed and unassessed waste lands - Relaxation of the special loan rules.

I enclose a copy of a letter addressed by Bell to the Secretary, Board of Revenue, on relaxation of rules for grant of loans. The Board of Revenue would no doubt refer the matter to Government in due course. I am bringing it to your notice so that matters may be expedited at that end. I have written to the Revenue Divisional Officer, Kollegal, and asked him to let me know to give me an idea of the extent and location of the compact blocks which are referred to in paragraph 2 of Bell's letter. If, as Bell says, the extent of land assessed and unassessed which can be taken up for mulberry cultivation under the existing rules, is negligible, then it may be necessary to put the

compact blocks which are lying waste to good use and that as early as possible. I shall address Government in the matter on nearing from the Revenue Divisional Officer and after consulting the Sericultural Expert.

Yours sincerely

T. Sivasankar Esq., I.C.S.,
Secretary to Government,
Development Department,
Madras.

Copy of letter No.A.7-6134/43 dated 31-7-1943 from the Collector of Coimbatore to the Secretary, Board of Revenue, and copy to the Director of Industries and Commerce, Madra

---

Sericulture - Mulberry cultivation - Expansion - cultivation of mulberry in assessed and unassessed waste lands relaxation of the special loan rules.

The Rev. Divisional Officer, Kollegal, brings to notice that the present Rules for the grant of loans for the expansion of acreage under mulberry cultivation under the Agriculturists' Loans Act 1884, do not afford good scope for increase in the acreage under mulberry cultivation.

(1) Rule II restricts the grant of loan for the purpose of mulberry cultivation to holdings.
and (ii) Rule III restricts the grant of loan to registered holders of ryotwari holdings.

2. In B.P.Rout.No.3246 (5) dated 20-10-42 the temporary assignment of lands for mulberry cultivation was permitted with certain conditions. It is doubtful if the lands so assigned for a limited period can be treated as holdings. If they are deemed to be holdings loans can be granted for the cultivation with mulberry of such lands under the existing rules. But the extent which can be so assigned is negligible in the Kollegal Taluk where most of the assessed and unassessed waste lands for part of compact blocks. Temporary assignment of those lands is not permissible under the B.P.referred to above. So applications from registered holders for loans to cultivate mulberry on assessed and unassessed waste lands, which cannot be assigned temporarily are now being rejected For some reason or other the people at Kollegal are averse to raising mulberry on their private holdings, which they reserve for raising good crops. They are however agreeable to cultivate mulberry on assessed and unassessed waste lands in their occupation. I think State aid for such cultivation will be conducive for the expansion of the area under mulberry. The intention of the Government is to have atleast 25000 acres of land under mulberry cultivation, to keep the two filatures at Kolleg working all through. The present extent under mulberry is only 15000

acres. To reach at least the required area expeditiously I request that in Rule II of the Madras Agriculturists Loans Mulberry cultivation Rules 1942 the words "in holdings" may be deleted.

3. Some persons who are not registered holders, but are cultivating on payment of taram assessment assessed and unassessed waste lands forming parts of compact blocks ~~xxxx~~ applied for loans to raise mulberry on such lands. Their applications were rejected as the Rules do not permit the grant of loan to such persons. In restricting the loan to registered holders, I think, the intention of the Government is only to safeguard the repayment of the loans advanced. If the applicant is a reliable person who is sure to raise mulberry with the loan given there would not be any objection to the grant of loan to such a person provided any solvent registered holder stands as his surety.

I request that Rule III may be so amended as to enable the grant of loan in such cases also.

ADDITIONAL UNDER SECRETARY TO GOVERNMENT
2 SEP 1943
DEVELOPMENT DEPARTMENT

Enclosures:

No. 1161-D/43 dated 1st September 194

Sir,

Sub: Sericulture - Mulberry cultivation - Expansion - Cultivation of mulberry in assessed and unassessed waste lands forming part of large blocks.

Ref: My D.O.No.2843-D/43 dated 11th August 1943.

-2- bve

In Board's Resolution, Routine No.3246-(S) dated 20th October 1942, the assignment, free of assessment, of assessed and unassessed waste lands for the purpose of mulberry cultivation has been permitted, subject, among others to the following condition, viz., that the land does not form part of a compact block. The Collector of Coimbatore has pointed out in his letter to the Board of Revenue, (a copy of which was enclosed with my D.O. referred to above,) that the extent of land which can be assigned under the terms of the Board's Resolution cited will be negligible as in the Kollegal Taluk most of the assessed and unassessed waste lands form part of compact blocks.

The Revenue Divisional Officer, Kollegal, has

furnished me a statement giving the extent of compact blocks of assessed and unassessed waste lands available in different villages of Kollegal Taluk. According to this statement - copy enclosed-- the total extent of land available is about 30,000 acres. The Sericultural Expert, Kollegal, who has been consulted in the matter reports that the land is suitable for mulberry cultivation. The extent of lands planted with mulberry in the Kollegal taluk at present is about 15,465 acres and as pointed out in my D.O. referred to above, it is desirable that as large an area as possible now lying waste be brought under the plough to meet the growing requirements of the sericultural industry under the present expansion scheme In order to xxxx achieve this object and at the same time to maintain food supplies, I request that the existing restriction on xxxx cultivation of assessed and unassessed waste lands forming parts of compact blocks be removed and ryots permitted to grow mulberry in such blocks.

Memo.No.1232F/43-1 dated Revenue, dated 15-4-1943,
Read:-
From the D.I & C, D.O.No.2843-D/43 dated 11-8-
From " letter No.1161-D/43 dated 1-9
To The Board of Revenue, Endt.No.23220D-1/43 Dt.,
dated 4-9-1943.
From the Board of Revenue Ref.B.1278/43-2 d/30-9-19

G.o.No.Ms. 3066 Revenue, dated 2/12/43

In its Proceeding No.R.3246(S) dated 20-10-1942, the Board of Revenue permitted for the duration of the War, the assignment free of assessment for faslis 1352,1353 and 1354 of assessed and unassessed land waste lands in Kollegal taluk, Coimbatore district, on which no crop was raised in both faslis 1349 and 1350, subject to the following conditions:-

(a) that the land does not form part of a compact block,

(b) that the assignment is not objectionable under the existing ord rs and has not been specifically prohibite and

(c) that only mulberry trees are planted thereon for three years.

In Memo.No.1232F/43-1 dated Revenue, dated 15-4-1943, th Government extended the above concession upto the end of fasli 1357.

2. The Collector of Coimbatore points out that the extent which can be assigned under B.P.No.3246(S) dated 20-10-1942 is negligible in Kollegal taluk where most of the assessed and unassessed waste lands form part of compact blocks. The Collector seems to think that the B.P. permits only temporary assignment and that compact blocks cannot be temporarily assigned under it for mulberry cultivation. The Collector is informed that the B.P. contemplates permanent assignment of scattered bits of land and not their temporary assignment and that it does not in fact operate as a ban on the temporary grant of compact blocks for mulberry cultivation.

3. The Dir. of Industries & Commerce has submitted a list of compact blocks of assessed and unassessed wast

lands in Kollegal taluk suitable for mulberry cultivation and requests that ryots may be permitted to grow mulberry on those blocks. The Board of Revenue recommends that the permanent assignment of those blocks may be permitted. All compact blocks suitable for colonisation schemes are now reserved for the benefit of ex-soldiers of the present War. But in view of the importance of the sericu industry, the Board of Revenue is informed that 10,000 acres out of the 30,000 acres of land in compact blocks in Kollegal taluk referred to by the Director of Industrie & Commerce, may be permanently assigned for the cultivatio of mulberry. The Government consider that the permanent assignment of 10,000 acres is sufficient the present aim is to bring 25,000 acres under mulberry and about 15,465 acres are already under such cultivation in Kollegal taluk. The remaining 20,000 acres ~~out of the 30000 acres referred to above,~~ should be reserved for the benefit of ex-soldiers, but they may be temporarily assigned for the cultivation of either food crops or mulberry. In cases where entire blocks are not required for mulberry cultivation, to be given whether temporary or permanent the ~~temporary~~ occupation should be allowed in such a manner that the main block does not get split up. The period of temporary grant should not exceed six years from the year of grant and should not extend beyond fasli 1358. The cultivation of mulberry will be free of land revenue assessment upto the end of fasli 1358 whether on lands temporarily or permanently assigned. In the case of permanent assignment, the condition that mulberry only should be cultivated for a specified period should be embodied in the deed of grant. The permanent assignment will be subject to the provisions of B.S.O. 15 and ~~subject~~ to the collection of land value and also price value, if any.

LAND - (Coimbatore) - Kollegal Taluk - Mulberry cultivation on compact blocks - Assignment of 10,000 acres.

Ref.B.No.2184/45

Station: Chepauk, Madras, Dated the 15th June 1945.

From

G. Venkateswara Ayyar, Esq., I.C.S.,
Secretary, Board of Revenue.

S. Ranganathan, Esq., O.B.E., I.C.S., Commissioner of Land Rev.

Read the following:

REFERENCE:-

In G.O.No.3066, Revenue, dated 7th December 1943, the Government ordered the assignment of 10,000 acres of land in the compact blocks in Kollegal taluk for mulberry cultivation The Collector of Coimbatore thinks that this order was with reference to the then prevailing need for more silk for war purposes. He enquires whether the need to grow more mulberry still exists and whether it is necessary to assign lands for this purpose as the war in Europe is now over. The Board requests Government orders in the matter.

The present area under mulberry cultivation in the Kollegal Taluk is about 19,000 acres and it is the aim of the Department to extend the acreage to

25,000 and more, so that the present dependence of the two filatures in Madras on Mysore for a portion of the requirements of cocoons may completely cease in due course. It is also proposed to introduce foot reeling machines for reeling of silk. Government in the Development Department have asked me to formulate definite proposals for ensuring that the sericultural industry in the Province is established on a firm basis in the post war period - vide Government Memo. No.72209-B/44-5, Development, dated 12.4.1945. Proposals in this regard will be submitted in due course. In the meanwhile it is very necessary to assign as much the 10,000 acres of land in Kollegal Taluk for mulberry cultivation as possible.

G.O. No. 230, 10th July 1939

Madras Financial and Account Code, Volume I—Payment of travelling allowance claims of gazetted officers on leave drawing leave salary at a place other than the old or new headquarters—Article 105—Amendment issued.

READ—the following papers :—

I

G.O. No. 446, Finance, dated 8th October 1936.

ABSTRACT.—Madras Financial and Account Code—Transfer of Government servants from one district to another—Place of payment of travelling allowance for journeys performed prior to transfer—Amendment issued.

II

From the Accountant-General; dated 24th June 1939, No. G.A. 11-10-1096.

Order—No. 230, Finance, dated 10th July 1939.

The Accountant-General has brought to the notice of the Government that there is no provision in the existing rules in the Madras Financial and Account Code for the payment of travelling allowance claims of a gazetted Government servant for journeys performed before proceeding on leave at the place where he chooses to draw his leave salary, unless it happens to be his headquarters before or after leave. He has suggested that such claims may be paid at the place at which the gazetted Government servant draws his leave salary, provided that the bill for each claim is countersigned by the Controlling Officer in respect of the post held by the Government servant before proceeding on leave. His Excellency the Governor is pleased to accept the Accountant-General's suggestion so far as the treasuries in the Madras Presidency are concerned.

2. The following amendment to the Madras Financial and Account Code, Volume I, is issued :—

Page 64, *Article* 105, *Item XI as introduced by C.S. No.* 406, *dated* 23*rd October* 1937.—*Add* the following as the second sentence :—

"'Similarly, the travelling allowance claims of a gazetted Government servant

2. In its reference on p 11 c of the Board of Rev recommends that permanent assignment of land in compact blocks in Kallepal Taluk Coimbatore Dt may be permitted for the cultivation of mulberry and observes in that connection that it has already allowed it in the case of scattered plots in its Proceedings at No 3246(S) dt. 20-10-1942. This B.P. was issued on the analogy of the orders in G.O. 1378 Rev dt 23-6-1942. The latter G.O. was issued to meet the representation made that the ryots should be assured of being continued in possession of the land even after the expiry the lease period of 3 years upto which temp assignments were originally made. Please see also here the orders issued in G.O. 1586 Rev dt 7-8-1942 & the Press note issued with it. It would therefore appear that outright assignment was meant in the B.P. referred to above. (Collr of Coimbatore however, takes this to be temp assignment). But the ban on permanent assignments of lands pending consideration of the needs of ex-soldiers introduced in memo No 4309 F/5 05 2nd 3-43 Revs would operate to bar grant of lands granted for mulberry cultivation as well & no permanent assignment can, therefore, be made. For orders whether this may be pointed out to Board. (The question whether the ban on permanent assignment should be lifted is being dealt with separately

3. So far as permanent assignment of lands in compact blocks referred to in this file is concerned, it is submitted that as orders stand, no land in compact blocks can be permanently assigned. Compact blocks are reserved for land colonisation schemes ~~either~~ either by ex-soldiers of the present war, or the landless poor. The compact blocks of assessed and unassessed lands mentioned in the list in p 9 c-f. are mostly large blocks and their total extent is 30424-60 acres. Most lands are likely to be useful for colonisation by ex-soldiers of the present war. In the circumstances, it is for orders whether the permanent assignment of land recommended by Board may be agreed to or whether tenancy cultivation for a number of years say, 5 years may be granted

If permanent assignment is agreed to, the draft below may be approved. The file may go to out (war), Dec 4

23/10/43 Please see Collins letter on p 3 of Memo G. He understands BP 3246 of 20-10-42 to ~~sanction~~ sanction Temporary assignment only, and that subject to 3 conditions One of these conditions is ~~of~~ that the land does not form part of compact block.

But the BP sanctioned Permanent assignment. ~~It~~ It was therefore no bar on temply assignment of land in compact blocks as

managed by the Collr.

We may make mallis clear to the Collr

We have, in fact, already ordered the Board to see that lands in compact blocks, (to be reserved for possible Soldiers settlement schemes for Soldiers or others) are assigned for temporary cultivation with food crops. There need be no objection therefore to allowing the temporary assignment of these compact blocks for mulberry cultivation.

If entire woods are not to be seen for mulberry the temporary occupation shd be allowed in such a manner that the main blocks does not get split up Wg.

2/ Period of Temply assignment.——

I remember that the S.I. & C had under consideration plans for formation of Colonies of Ex Soldiers in Kolleyal for mulberry cultivation.

Apparently the mulberry does not begin to give the cultivator a decent return till 3 yrs

Jo para 2 of BP 3246 / GOI F. Tech file

Law passed

B / appn Wg

Temply assignment shd therefore be for a least 6 yrs to be at all attractive.

D / X with 3 Cf

3) The aim is to bring under thro Govt 10,000 under mulberry. There are said to be easily thro 30,000 in Kolleyal suitable for mulberry

It may perhaps be quite enough to reserve 20,000 for the possible needs of Ex Soldiers colonies (these lands may be temporarily assigned for food or mulberry cultivation) and to assign permanently 10,000 for mulberry cultivation only. (the condition that mulberry only may be cultivated for a period stated may be embodied in deed of grant).

Put up a draft on lines indicated above & refer to Departments

... in order as per draft, as ~~draft~~ order submd. for approval. The following remarks are called for :—

(1) The irrigation of the Rly. at A as per draft, may apply both to temporary and permanent occupation. The draft has been worded accordingly.

(2) Cultivation of mulberry as allowed to hold of land ~~is~~ at present free of assessment upto the end of Fasli 1357 — vide Revenue 1232-F/43-1 dt. 4-11-1943. The period of temporary assignment in the case of Compact blocks is now proposed to be six years. Six years from the current Fasli (1353) will go upto the end of Fasli 1358. It is therefore stated in the draft that cultivation of mulberry will be free of assessment upto the end of Fasli 1358.

2 The draft file may be sent to Pub(War) ~~fin and~~ Rev. and Fin. for acceptance of the draft.

Land - (Coimbatore) - Kollegal Taluk - Mulberry cultivation on compact blocks - Assignment of lands.

[No. 1787 F/45]

From the Bdi Offg. Report No. B. 2584/45, d. 5-6-1945.

To R.S.

Please see the Bdi Report on the C.F. 'A' in the Bdi Report. The object of G.O. No III. 3066 Rev. dated 7-12-1943 was to keep enough land under mulberry cultivation to keep the two filatures at Kollegal working all through. X on p 3 C.F. 'B' in the Bdi Report. The remarks of the Dist. may be invited on their proposals.

UNDER SECRETARY 29 JUN 1945 DEVELOPMENT DEPARTMENT

To R.S.

A reference is invited to the Memo cf of G.O. No. 982 (MS.) Dev'd 22.5.45, where the B. of E. has stated that the Concession to encourage mulberry cultivation should be extended for a further period of one year. The target figure of 25 lac acres has not been reached. ~~The Dept may therefore suggest that the remarks of the B. of E. may be called for before convicting the Boards reference may be called for before convicting the question further. With their remarks, the case may be returned to Govt.~~ Boards. The Govt have approved several schemes of the D. of E. for the development of Sericulture industry in this province. The extension of the acreage under mulberry cultivation is therefore essential for the purpose. It is submitted that the concession regarding assignment of lands for mulberry cultivation might continue for some more time. For orders whether the D. of E. need be consulted in the matter. If it is considered necessary

Revenue Dept. may be invited to accept this view of
the case and this reference by-passed if he wishes.

The Dept. may advise Rev.
as requesting to the
contrary, and that Dept
may also consult the Attorney,
if invited to do so.
